EBS Cards

As a result of our system conversion scheduled for June 6, 2011, your EBS Flex Cards will be deactivated on May 31st. New EBS One Cards will be mailed to you the week of May 31st with an activation date of June 6, 2011. This means that you will be unable to use their EBS Flex Cards from May 31 to June 6. During this blackout period, you must pay for eligible expenses out-of-pocket and submit a paper claim form for reimbursement.

Participants with Excellus medical coverage will receive some relief from the blackout period on prescription refills. For affected participants, the Excellus Health Plan will override their refill policy which allows participants to request an early refill due to the EBS Flex Card blackout.

First Time Home Buyers Class

Chemung ARC will be offering a first time home buyers class to employees along with the individuals we support. Staff, please pass this information on to your houses. The class will be offered on Tuesday, June 21, 2011, 3:00pm – 5:00pm. If you are interested in attending please contact Nora Harrigan to register. Please see attached flyer for more information.

Reminder!

Time sheets for exempt staff need to be completed, signed by a supervisor & saved in the approved folder no later than noon on Mondays. Thank you

Point-of-Sale Transactions for FLRx members with EBS Flex Cards Not Available May 31-June 5; FLRx Will Allow Override of Refill Policy

We have been notified by EBS RMSCO that they are issuing new flex cards that will be active as of June 6, 2011. All current EBS Flex Cards will be de-activated as of 12:01 am, May 31. FLRx members with EBS Flex Cards will face a blackout period through June 6.

During the blackout period, these members will have to pay out-of-pocket for pharmacy transactions and submit paper claims for reimbursement. If they attempt to use their old card, they will receive a message that states, "Card Terminated."

To help affected members, FLRx will override our refill policy. The FLRx drug claim management system allows for a refill of a previously dispensed prescription after 60% use for days' supply from 1 to 10 days and 70% use for prescriptions greater than a 10 day supply.

Up to May 31, when one of our members requests an early refill due to this unavailability, pharmacies may override FLRx's early refill policy by calling the FLRx Help Desk.

If you have any questions regarding the override, please call the FLRx Help Desk.

Submitting Claims for Discount / Promoted Prescription Price Programs

All claims for medications included in a discount or promoted prescription price program must be submitted through the FLRx point-of-sale system. This price becomes your "usual and customary" and the prescriptions should be submitted as usual. This will allow FLRx to maintain a complete patient drug history which will support our messaging to your pharmacy.

If the discount or promotional cost is below your patient's drug benefit copayment amount, the patient will pay the lower cost.

FLRx Pharmacy Help Desk Phone: 1 (800) 724-5033
Help Desk Hours: Mon-Thurs: 8 a.m.-midnight • Friday: 9 a.m.-midnight • Weekends: 8 a.m.-8 p.m.

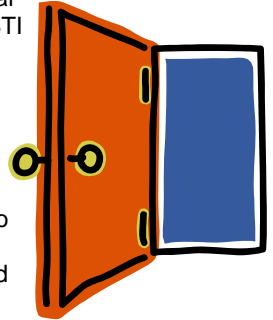

Opening Doors

The staff and residents of Alpine Place would like to congratulate Stephen Rochester on the start of his new job at STI.

Success Story

Stephen has lived at the house on Alpine Place for a little over a year and recently started working at STI in April.

Normally a shy and timid person, Stephen's new job has allowed and encouraged Stephen to become more comfortable socializing. He now goes out into the community more often, has made numerous new friends, and is much more outgoing at home.

Congratulations Stephen! Your housemates and staff know this new job has been, and will be opening many doors to you! Great job!
